

2025 Event Schedule

Subject to change without notice

Velocity Invitational

June 6-8

Sonoma CA

This event attracts some of the finest race cars in the world. We have participated in the past and will be setting up the Diorama in a dedicated area. This is a very prestigious event and this year we will be part of a special display of the history of racing. Our group will receive special VIP passes for driver and riding mechanic that will include access to their “over-the-top” amenities. We will be on track each day during peak spectator times.

Indy SpeedTour

June 12-15

Indianapolis Motor Speedway

We are returning to Indy for one of our favorite events at this famous track. SVRA provides us with lots of track time on the road course and a special session on the oval on Sunday. We are the only group that is allowed on the oval, and it is quite a spectacle to see our cars on the pace lap, three abreast, just like the original races 100 years ago. We will be set up in the garages next to the Pagoda and we always have a great time.

Indy Legends

June 28-29

Indianapolis Raceway Park, IN

We will be returning to this event for its second year. It is a smaller oval across town from the Speedway and it includes Indy cars from the prewar era to the rear engine cars of the 70's. The cars are grouped separately: Ragtime Racers, front engine roadsters & rear engined groups. There is an unbelievable amount of track time, banquet and some of the nicest folks you will ever meet.

Monterey Motorsports Reunion

August 13-16

Laguna Seca Raceway, CA

Monterey in August is the biggest gathering of car events on the west coast. With concours, shows, auctions and tours going on everywhere, the races are still the main attraction. This event is under new management as of last year and has attracted world-class cars as a result. This year they are celebrating the 75th anniversary of Formula 1 so it should be quite a show. We are in a paddock spot right next to the hot pits where all the action is. This is always a popular event and is usually oversubscribed.

Lime Rock Park Historic Festival

August 29 – September 1

Lime Rock, CT

This is a new event for us but we are excited about attending. This is a very busy event with lots going on, including:

- Thursday a 17-mile escorted street drive from track through towns of Salisbury and Lakeville to a street festival in Falls Village, CT
- Friday Night gala at the track
- Dedicated, high-profile paddock location where we will be a feature paddock group, with tent for protection of cars from the elements
- Exhibition track time during lunch break Friday, Saturday and Monday
- Group presentation in the Sunday Concours event at the track
- Special off-site party at the home of one our famous Ragtime Racers

This event is the weekend before the next event with 4 days between events to tour this beautiful part of Connecticut and the scenic Finger Lakes region of New York.

Watkins Glen SpeedTour

September 4 - 7

Watkins Glen, NY

This is another new event for us at a world class racetrack. SVRA, who organize our Indy event have been inviting us to this event for years, and we are finally going to be able to attend. In addition to lots of track time, the annual Grand Prix Festival, held on Friday in downtown Watkins Glen, commemorates the early sports car races that took place on a 6.6-mile course laid out on village streets. The high point of the Festival is the Grand Prix reenactment, with our race cars driving the original Watkins Glen street course to the cheers of 20,000 enthusiastic spectators. The event includes a unique downtown festival for a great weekend.

Ironstone Concours

September 27

Murphys, CA

This unique event is always a lot of fun, and a chance to run our cars on a dirt track made just for us adjacent to the Concours' grounds. We display our cars as a group in a dedicated area, then around 1:00 pm we drive the cars to the race track about 50 yards from our display area. The concours spectators enter the track viewing area via a flag and banner lined foot path. The event includes a lunch and a chance to see some fantastic cars.
